Assessing Official Comments:

QUALITY: All gases meet requirements.

SCHEDULE: Most gases are delivered within one week of placing an order. There have been some exceptions to that, mainly with helium, which was delayed for several months.

MANAGEMENT: Communication from contractor is timely and professional.

REGULATORY COMPLIANCE: All regulatory requirements were met.

RECOMMENDATION:

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.
